Joe, can you please do a PR for the electric service.

Thanks

Hi Kendra,

Please advise if we have a PR for La Plata Electric Association for the electric utilities at 135 Burnett Dr (Durango ICP)? Kirk needs a PR in order to pay the electric bill that's coming due very soon.

Thank you,

Julius Teopaco

Importance: High

Kirk,

I'd like you to put the gas and electric (two separate companies) from the Gold King Mine command center (which was GSA leased space) on your purchase card. The application is attached, but we don't have a PR yet. We've got to pay for deposits, hookups and service beginning September 3.

Joe Poetter and Jay Teopaco and assist you with any questions that you might have.

David and Laura

Please have someone create a PR . Once created I will fund. For information read the e-mail below.

Ok – I just got off the phone with La Plata Electrical Association. The deposits are the equivalent of three months' worth of expenses and she said that the hookup fee will be included in the first month's bill.

Kendra, if you could do a purchase request for \$5,000, that should cover the deposits, hookup fees and two months' worth of electrical. As I heard we might be giving up one or two of the suites, I think then we could apply some of that return deposit to the other accounts.

As soon as we have the PR, I'm going to have Scott complete the form and fax it in to set this up for payment on his purchase card.

Thanks. bethany

Joe, Bethany,

Can someone complete the attached commercial/business application for transferring the electric utility into the EPA's name and fax it to **(970)375-3350**? Required deposits are as listed;

135 Burnett Drive Ste#101- Deposit \$750.00/ Hookup fee \$65.00

135 Burnett Drive Ste#103- Deposit \$1025.00/ Hookup fee \$25.00

135 Burnett Drive Ste#107- Deposit \$890.00/ Hookup fee \$25.00 (this one is scheduled to be vacated on 10/31/2015)

With respect to the DATE OF SERVICE on the application LPEA informed me that we can only go as far back as September 3rd. The account under EPA has to be set up prior to the end of this service period which is October 19th, in order to be able to set the Date-of-Service retroactively to September 3.

I'll have to contact La Plata County to get some type of an invoice for the service period of August 22 – September 2.

Thanks!
